

MILLER-EAST SIDE GAME THE FINAL ONE

Teams Clash for Championship Honors in Grammar School League.

With each team tied up for honors the "rubber" will be played off in the grammar school basketball league next Monday afternoon at 4:15 o'clock when the Miller school and East Side teams will meet for championship honors. Each team has dropped a game to the other, but with that exception both have won all of the other games they have played during the season. Because of the approaching warm weather the playing season will be abandoned and this game will be the last of the year. Teams were scheduled to play up until April 13.

Prof. Kahn, coach of the Fairmont High school team, has been selected to referee the game.

MANNINGTON

Drives Home.

Nelson Robinson left last evening for Lansing, Michigan, where he has purchased a Reo automobile. He will return driving the new car.

Gun Stops Bootlegger.

Police Chief Hickman had an exciting chase with a bootlegger yesterday morning, starting on Market street out Clarksburg street to Center, where two shots from the policeman's gun halted him and he gave himself up. Another stranger with a suspicious looking grip who was waiting for a car at the corner of Beatty avenue and Clarks-

burg street, was also picked up and brought to the city jail where both grips were examined and found to contain whiskey. Both men had arrived from Wheeling on the 11:15 train expecting to take the 12 o'clock car for Clarksburg.

Jail Entered.

Some one broke into the city jail on Wednesday night and stole 30 pints of whiskey which was a part of that taken from Tony Lingeris the night before, and which was being stored in the jail for safe keeping. The front door was broken open and the bottles taken out between the bars of the cell in which it was locked. Chief Hickman states that the liquor had been turned over to the county authorities on Wednesday and the thieves probably took advantage of the fact that no man was on duty that night.

Alumni Meets.

There will be a meeting of the Mannington High school Alumni Association at the school building Friday evening, April 11, at 7:30 o'clock. All members are urged to be present.

New Appliance.

Dr. W. L. Mitchell, local dentist, has installed an X-ray machine for taking pictures of tooth troubles and locating the cause. It is the latest thing in dental appliances.

THE MAN WHO PAYS RENT Burns the Candle at Both Ends

The man who pays tribute to the demand of the rent-collector "burns the candle at both ends". He exhausts his strength through working to provide a shelter for himself and his family yet there is nothing to show for it in the end.

The wise man intelligently practises thrift by putting his savings into a home instead of paying rent. He buys a piece of property and builds or he buys a ready built home just as you can do if you will get in touch with our proposition.

Home-Owning Is the Short Cut To Happiness and Prosperity

Rents are high but based on the law of supply and demand there is a legitimate reason.

The U. S. Department of Labor estimates that on account of suspended building operations during the war the United States now needs almost one million homes. That means there is a far greater demand than can be filled and as a result of competition for the available living quarters, prices, or rents, are soaring almost out of sight.

If you don't own a home you must pay tribute to the hard necessities which have brought about this serious scarcity and unless home building gets under way immediately, when our millions of soldiers re-

turn to civil life and when our thousands of war workers who have been living in Government buildings get back to where they must have apartments and houses, RENTS ARE GOING TO BE HIGHER.

THERE IS A BETTER PLAN

Thrift of the intelligent sort will put present savings to work that future rental expenses may be escaped. The intelligently thrifty person will realize that the logical escape from a constantly increasing rental means owning a home which may be maintained for much less per annum than rental rates.

And the intelligently thrifty person will lose no time about building a home since all signs point to this as being the best time to do it.

This Company Will Co-operate With You

This company offers for sale in the Speedway Terrace section of Fairmont, several sturdy, comfortable homes all ready for occupancy as well as choice building lots. The houses are of most modern character and built of carefully selected materials a year ago, they today represent values which cannot be duplicated for the prices we ask.

There is no doubt about the future value of the Speedway Terrace section. Both the houses and homesites of the Greater Fairmont Investment Co., overlook the growing industrial properties which will eventually

make Fairmont the leading city of West Virginia—and just so fast as industrial demands increase in the same measure will there be an increase in residential property values. Many have already anticipated the growth and prosperity of the Speedway Terrace section. Many new homes are being planned. Many new homes will soon be built. For an investment in comfort and happiness and lasting satisfaction we will offer you an opportunity of a lifetime. GET FULL DETAILS AT OUR OFFICE.
